

Chairs Report August 2021

HAVE YOUR SAY

I have received details from the Police Connect service that they want to hear from everyone about their 6 priorities for the Crime panel to take forward.

The closing date for replies is **20 August 2021**.

Please reply using the following link

[Police and Crime Plan consultation \(norfolk-pcc.gov.uk\)](https://norfolk-pcc.gov.uk)

A police surgery was held on 3rd of August but I only got notification 4 days before. I have asked that while we want these to continue, more notice is required so that as many of the village are aware. My thanks to the shop and butchers for putting up posters. We had 6 members of the public and 4 parish councillors attend. All present thought it was a worthwhile meeting.

Accordingly, it was agreed that the next Police Surgery held by PC Justin Johnson (Necton Beat Officer) would be on **6 September at the Drop in centre**. The centre will be open from 10 to 12 and PC Johnson will be there from 11.30 onwards.

Erne Farm

Following a complaint concerning the speed of their trucks going through the village, I contacted the Company. Consequently, they have sent a letter to all their sub-contractors reminding them that they travel through a village, with oncoming traffic, dog walkers and pedestrians. Hopefully this has had the desired effect to ensure safer travel through the village.

I have also met the site manager to discuss their drainage plans

I do live very close to the development and I am happy to take forward any further complaints, should they arise.
